Dear Friends,

This is a tremendously exciting time to be at East Georgia State College, and the reason is simple: Lives are being transformed – in the classrooms, on the court or ball fields, through student leadership and service opportunities, and with every degree conferred. Helping students realize and attain their full potential through this engagement is what drives our existence.

We're a small college supporting big dreams. We believe all students, especially under-served populations including minorities, individuals with special needs, and rural populations, deserve the same opportunity to a quality education... to achieve their goals. Through a shared belief in our important role as an access mission and a desire to make a difference in the lives of our students, EGSC's dedicated faculty, staff and Foundation Trustees work diligently and tirelessly so that all students benefit from a fulfilling college experience. The work is not easy, but the payback is huge. In every aspect of what we do, and by every meaningful barometer of progress, a bright future is ahead for East Georgia.

Despite a very challenging environment in higher education, EGSC is thriving. All of our campuses are growing, student success and retention rates are continually improving, and more students are completing their degrees. The institution is also experiencing strong financial stability while remaining affordable, a primary factor for students in rural Georgia.

Growth is evident everywhere: New academic programs, upgrades and expansions at all three campus locations, growth in our residence halls, a soon-to-be-open expansion to our Jean A. Morgan Student Activities Center, and growth in Foundation assets, which means more student scholarships.

As East Georgia's reach continues to expand, we are grateful to those whose ongoing support and advocacy make our endeavors possible. Without your involvement, we could not effectively carry out the college's mission. You have my deepest appreciation – and admiration – for your financial investment in our students and the college. You are truly making a difference.

Moving the college even further forward will, of course, require continued support from many friends of the college like you. As you finish reading, please consider a renewal of your contribution to the EGSC Foundation. I promise you that it will make a difference—a big difference in the life of a promising young person.

Sincerely,

Robert G. Boehmer, J.D.
President, East Georgia State College

EMPLOYEE APPRECIATION EVENTS HONOR

East Georgia State College knows that without the help of the faculty and staff, the College wouldn't excel. At the Employee Appreciation event, President Bob Boehmer acknowledged outstanding faculty and staff.

Employees achieving service milestones were presented awards for their dedication and service. In addition, STAR Staff awards were presented to top staff members in each department and Distinguished Faculty awards were presented to top faculty members in each of the three academic schools. These three events were hosted for full-time and part-time employees at EGSC.

EGSC's success as an access institution is strengthened by its dedicated faculty and staff, who are focused on helping every student achieve a college degree. Thank you for contributing to a culture of service excellence!
