During Fall Semester 2014, no Behavioral Recommendation Team meetings were held. The Director of Counseling and Disability Services and Director of Student Conduct discuss student conduct cases daily. Almost all students referred to the Director of Student Conduct are referred to the Director of Counseling and Disability Services for counseling related to the student conduct code infraction. The Director of Student Conduct, Director of Housing, and Chief of Police meet biweekly to discuss behavioral concerns, individual students, and other pertinent issues or policies. No faculty or staff issues have been reported to the Behavioral Recommendation Team for Fall Semester 2014. It is recommended that the Behavioral Recommendation Team continue to exist to ensure that there is a formal process for ensuring the successful coordination of pertinent departmental services such as Public Safety, Student Conduct, Counseling and Disability Services, Student Housing, and the three academic divisions. There may be certain situations where a report to the Behavioral Recommendation Team is more appropriate.
