

A DIVISION OF EAST GEORGIA COLLEGE

NEWS FROM THE DIRECTOR

Can you believe the summer is almost over? We've been very busy at the Fulford Center this summer with camps, planetarium visits, and a host of workshops and trainings, and the next couple of months are filled with lots of additional opportunities as well.

Our next Lunch and Learn Series event is scheduled for August 25. The program topic, Women, Money, and the Law, will provide valuable information regarding estate planning, taxes, and elder law. A Family Astronomy Night is set for September 1 and will include both outdoor and indoor activities to learn more about stars, planets, and constellations. A variety of telescopes, a solar scope, and planetarium programs will be available for everyone to enjoy.

We are proud of the many programs and services being provided at the Center. A facility—no matter how large or how beautiful—only serves a purpose if it is teeming with life. It is central to our vision that the Fulford Center serves as

JEAN D. SCHWABE, DIRECTOR

an educational and cultural hub to our area, filled with workshops, exhibitions, classes, and performances for people of all ages. To date, many lives have been enriched by the opportunities at the Center.

We value your time spent at the Fulford Center and are always looking for suggestions about how we can continue to improve to serve the community. Please feel free to contact me with your thoughts and ideas.

I hope to see you soon!
